The SmartCode 916 features a capacitive touchscreen with Kwikset’s patented SecureScreen™ technology to prevent code detection from fingerprints on the touchscreen. The contemporary design complements homes with a modern décor.

**Features**
- New contemporary design
- 10 digit capacitive touchscreen with one touch locking
- Motorized deadbolt - enables true remote locking and unlocking
- SecureScreen™ - helps to ensure user codes cannot be identified by examining fingerprints on screen
- Sleek metal design for enhanced quality

**User Codes**
- Up to 30 customizable user access codes for family & guests
- Mastercode feature for improved user access code management

**Connected Benefits**
- Lock & Unlock your doors from anywhere
- View lock status and receive notifications of your lock’s activity
- Connect to other devices in the home and create scenes driven by the door lock

*Consult your system provider to learn more about your connected benefits*
