

Free CRAFTS for KIDS

Sail Away! Craft Stick Sailboat

Ages 3+

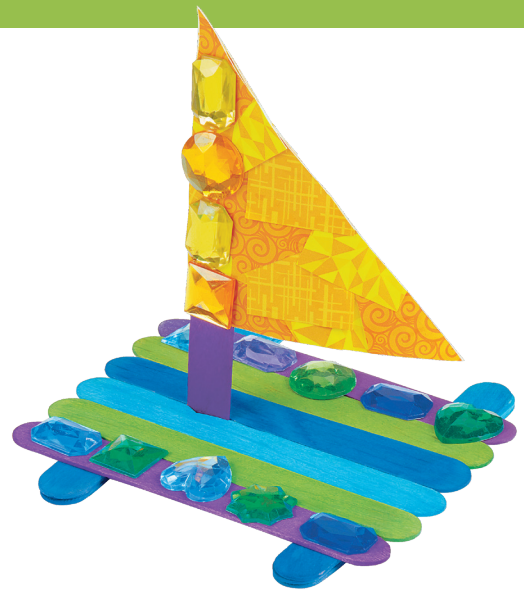

What You'll Need

AVAILABLE IN OUR STORES:

- Construction Paper - Assorted Colors (TA50AC)
- Jumbo Colored Craft Sticks (HL125)
- Acrylic Gemstones (LA868)
- Decorate & Design Paper Squares (FF539)
- 1" Craft Tape Pack - Bright Colors (SD742)
- Best-Buy Blunt-Tip Scissors (TS547)
- Tacky Glue® (TG170)

MISCELLANEOUS ITEM:

- Sail template

How to Make It

- 1 Have crafters trace the sail template onto construction paper and cut it out.
- 2 Invite crafters to glue and/or tape a craft stick to the back of the sail and decorate the front of the sail using paper squares and acrylic gemstones.
- 3 Direct crafters to line up six craft sticks side by side. Have crafters add a couple of strips of craft tape along the sticks and then turn the boat over.
- 4 Have crafters carefully bend the six craft sticks at the middle just enough to slip the sail craft stick in between.
- 5 Direct crafters to lay two additional craft sticks perpendicular to the others and then add glue to the top sides. Then have crafters set the boat onto the glue, making sure the new craft sticks are positioned at opposite ends of the boat.
- 6 Invite crafters to decorate the boat with additional gemstones.
- 7 Once the materials dry, this summer sailboat is ready to sail away!
