

Andis Warranty Policy

What is Andis' warranty policy?

All Andis products have a 1-year warranty from date of purchase. Products can be sent to Andis for repair or replacement (our choice—we base this on models) if proof of purchase is provided. Unfortunately, you will have to cover shipping on this one. There is more info about all this on the Use and Care card.

You can contact us at 1-800-558-9441 or info@andisco.com for more information and for us to start a case for you.

What is Andis' blade sharpening warranty policy?

If the blade set fails to cut to your expectations, it will be resharpened free of charge if returned within 10 days of purchase. Please call our Customer Support Team at 800-558-9441 or email us at info@andisco.com so we can get you all the information you need.
