I. Corner Joiner (x4)

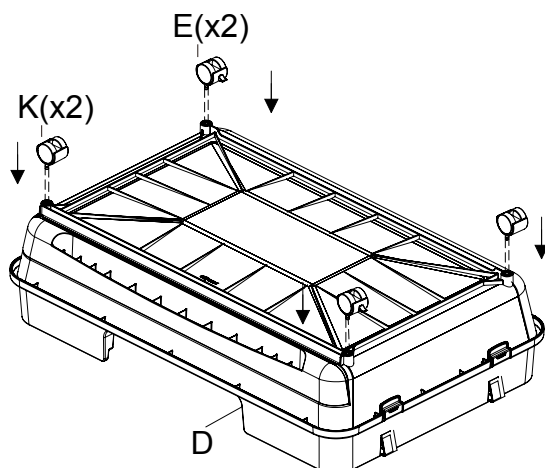

J. Straight Joiner (x2)

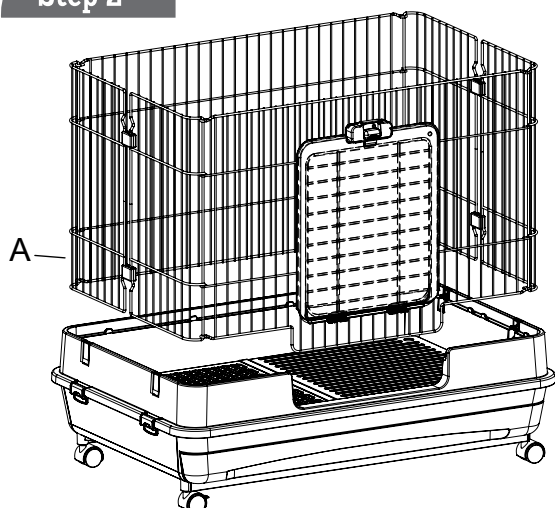

K. Wheel Caster (x2)

Step 1

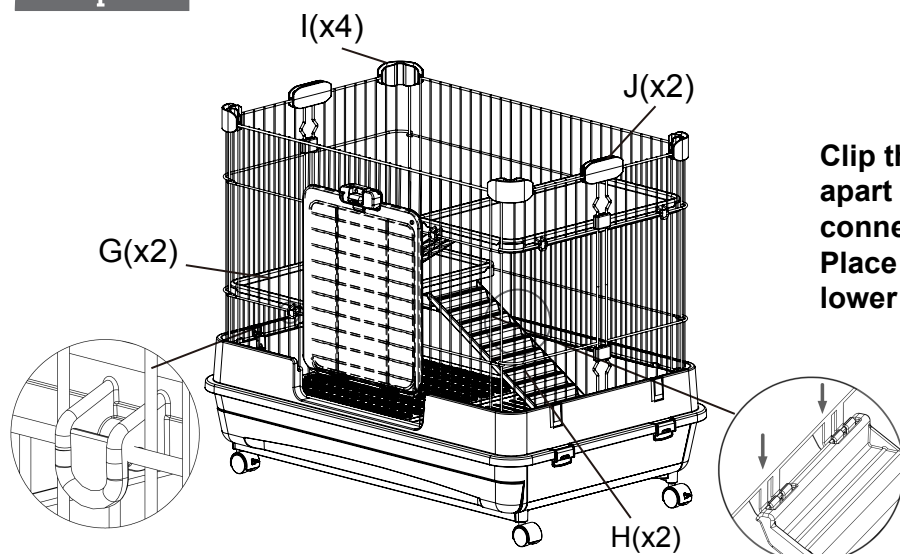

Insert the four wheel casters E and K into the base assembly D as shown, ensuring locking casters are at opposite corners.

Step 2

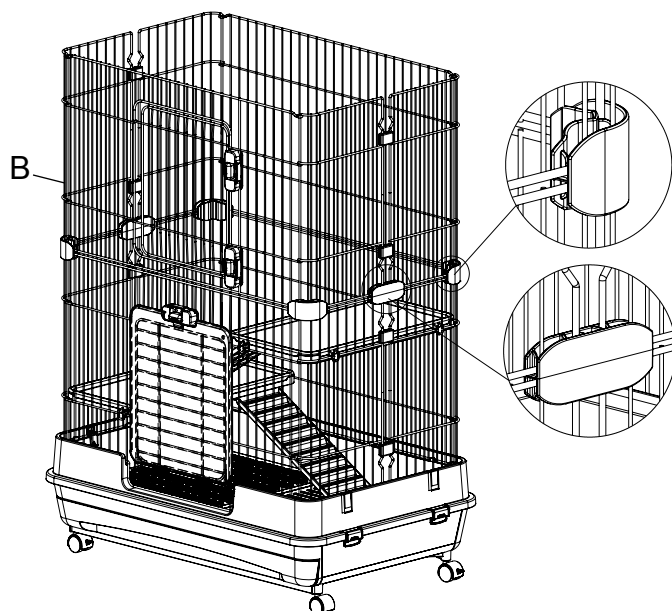

Unfold the lower wire assembly A and seat it within the base as shown. Secure with the side clips located in the base assembly.

Step 3

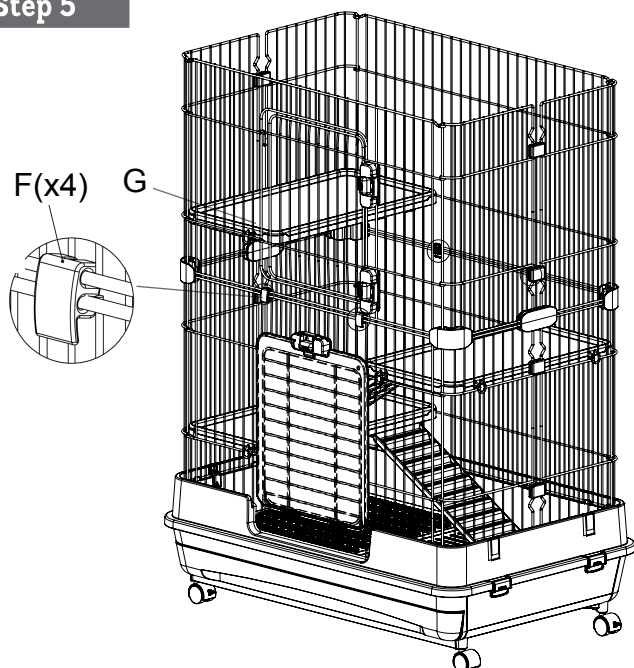

Clip the two platforms G in place, spacing them apart to accommodate the full length of the connected ramps H. Place wire joiners I and J along the top edge of the lower wire assembly as shown.

Step 4

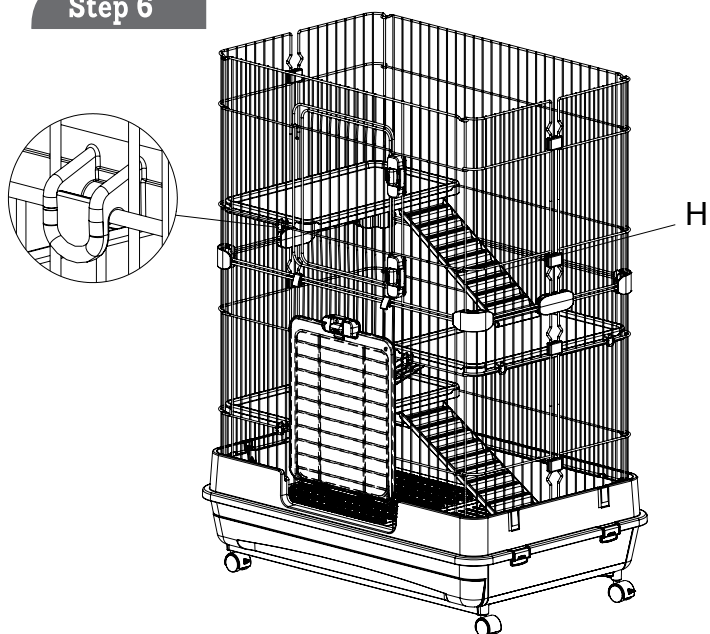

Unfold the upper wire assembly B, and place into the wire joiners as shown.

Step 5

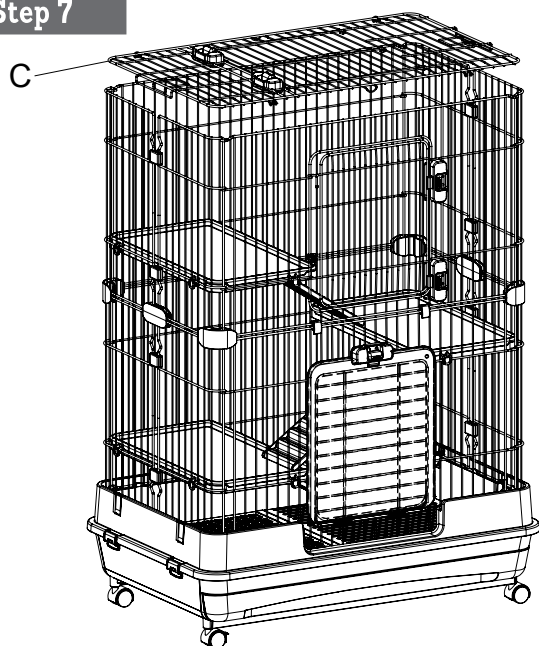

Connect the lower and upper wire assemblies with wire clips F, two in front and two in back.

Step 6

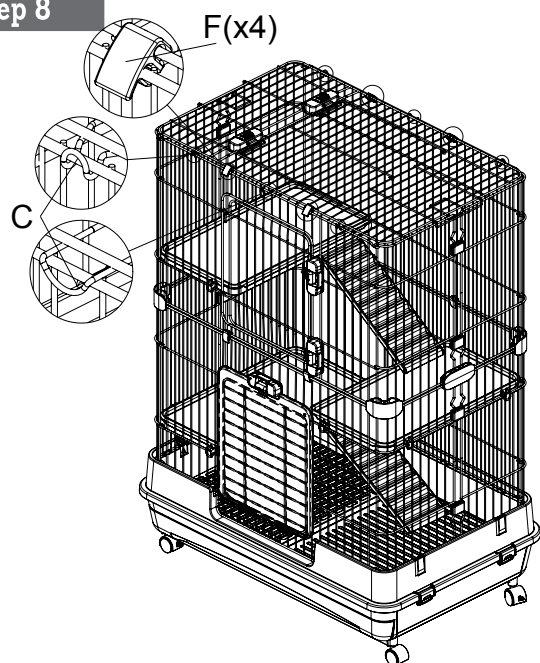

Clip the last platform in place, spacing it to accommodate the full length of the connected ramp.

Step 7

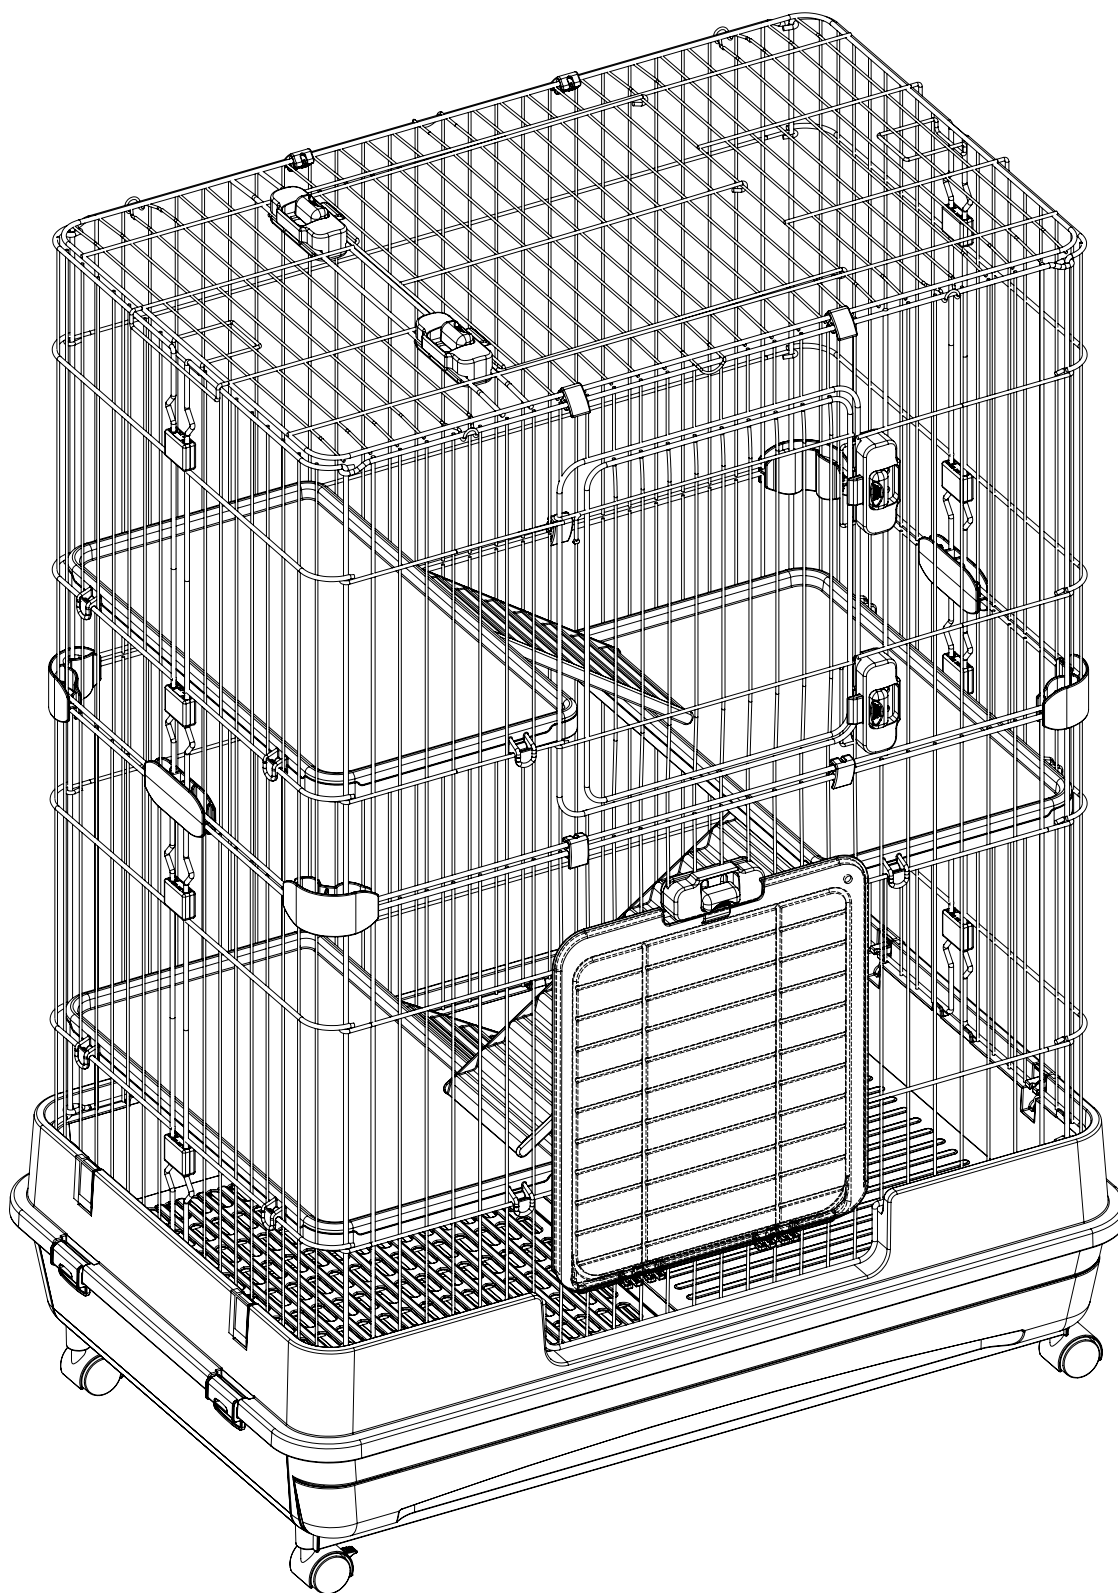

Place the top wire panel C onto the upper wire assembly, and clip in place as illustrated in Step 8.

Step 8

Ensure top wire panel hooks are looped onto upper wire assembly as shown. Use the remaining wire clips F to secure together, two in front and two in back.

Assembled for use
