Brilliant.

SAMSUNG

Galaxy S6 edge+

Superior design meets superior performance with the Samsung Galaxy S6 edge+.

SAMSUNG
Galaxy S6 edge+

Do more, faster.

Power your team's productivity with the business-critical tools they need to succeed. The Samsung Galaxy S6 edge+ enables them to quickly toggle between tasks using the exclusive Multi Window* feature. The unique dual-edge display design delivers subtle notifications so your employees can stay informed, while the ultrafast octa-core processor makes sure every single task is optimized for the speed of business.

Deliver elevated experiences.

Inspire your workforce with elegantly designed technology they'll be eager to embrace. The brilliant Super AMOLED screen clearly displays business-critical information, even in direct sunlight. Charging a device becomes simpler with Adaptive Fast Charging, which can power a device from 0% to 50% in about 30 minutes.** And Ultra Power Saving Mode*** means your team can rely on their devices and stay connected for up to 24 hours.

Integrate seamlessly.

Make incompatibility a thing of the past. The Samsung Galaxy S6 edge+ easily integrates into your existing MDM solution faster than ever and works with the business applications you already use, keeping your employees happy and productive.

Safeguard company data.

Rest easy knowing your devices are protected with government-grade security. Right out of the box, Samsung KNOX† security provides multilayered defense at hardware, software and application levels and keeps personal files separate from work. And as an extra layer of protection, the built-in fingerprint scanner†† helps keep devices in the right hands.

SAMSUNG

SPECIFICATIONS

DISPLAY	5.7" Quad HD Super AMOLED, 2560 x 1440 Resolution, Dual-Edge Screen
PROCESSOR	Samsung Exynos SC7420 (SEC) Octa-Core 64-bit Processor
