Warnings

- To be assembled and dismantled by an adult.
- This product is not suitable for children under 3 years of age due to small parts used during construction.
- To be used on a flat and soft surface.
- Ensure frame is securely fixed to ground before use.
- Do not leave the product outdoors in adverse weather conditions.
- Do not climb on or hang from this product.
- Check regularly for wear and tear. Discontinue use if any breakage is found. Failure to do so may cause injury.
- Keep away from heat sources.

Parts list:

Parts list:

Part No.	Description	Diagram	QTY
1	POP UP NET		1
2	SHOCK-CORDED SUPPORT POLE		2
3	TARGET PANEL		1
4	STEEL STAKE		4
5	CARRY BAG		1

Assembly instructions

STEP 1. Lay out Pop Up Net (1) with the "Rawlings" logo facing the ground. Straighten out the black frame.

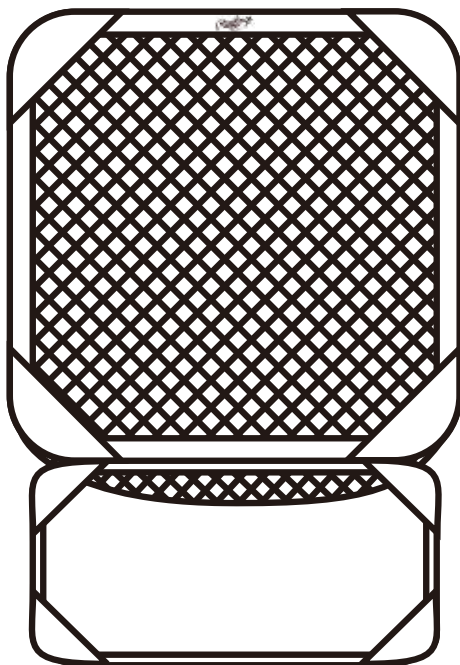

Image #1

STEP 2. Connect Shock-Corded Support Poles (2) as shown in Image #2.

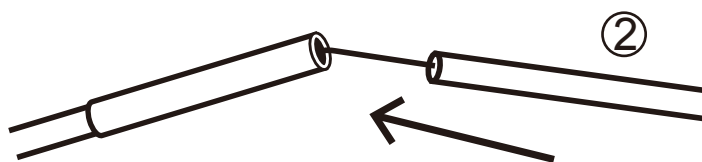

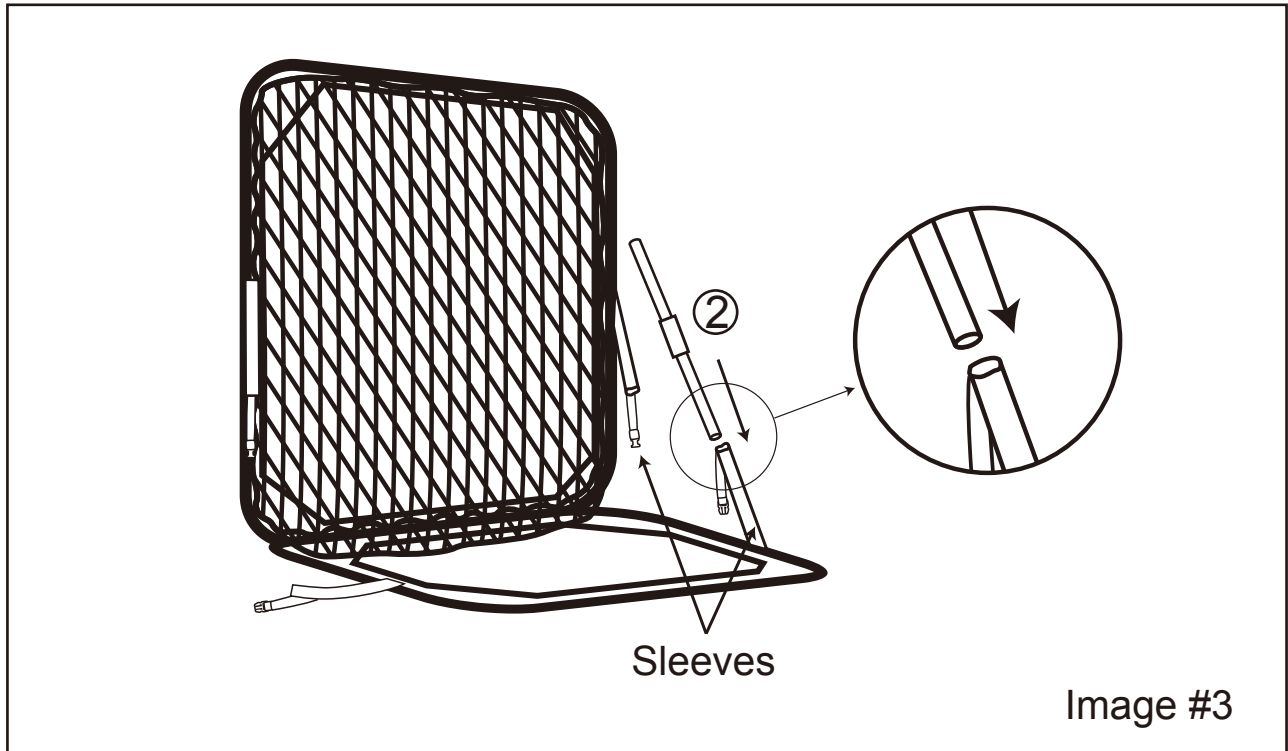

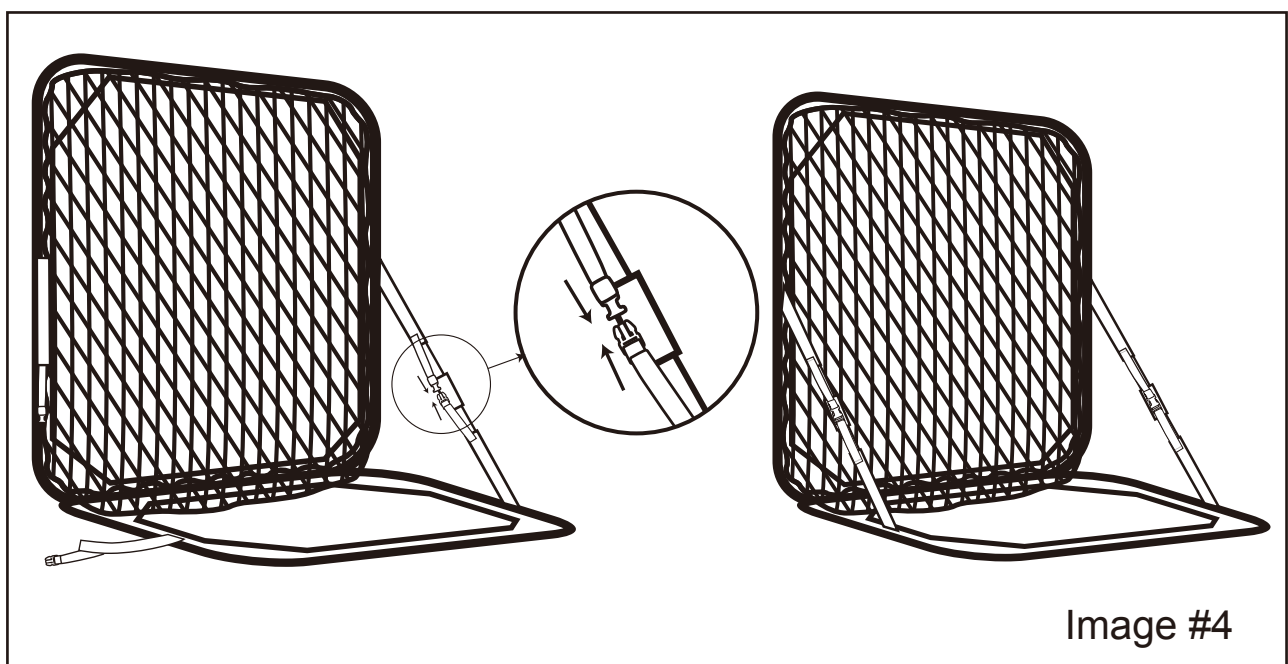

Image #2

Assembly instructions

STEP 3. Insert Shock-Corded Support Pole (2) into the sleeves on the side of the net as shown in Image #3.

STEP 4. Adjust the length of the straps on the sleeves and click the buckles together. Repeat in the same manner on the opposite side.

Assembly instructions

STEP 5. Connect Target Panel (3) to the net as shown in Image #5.

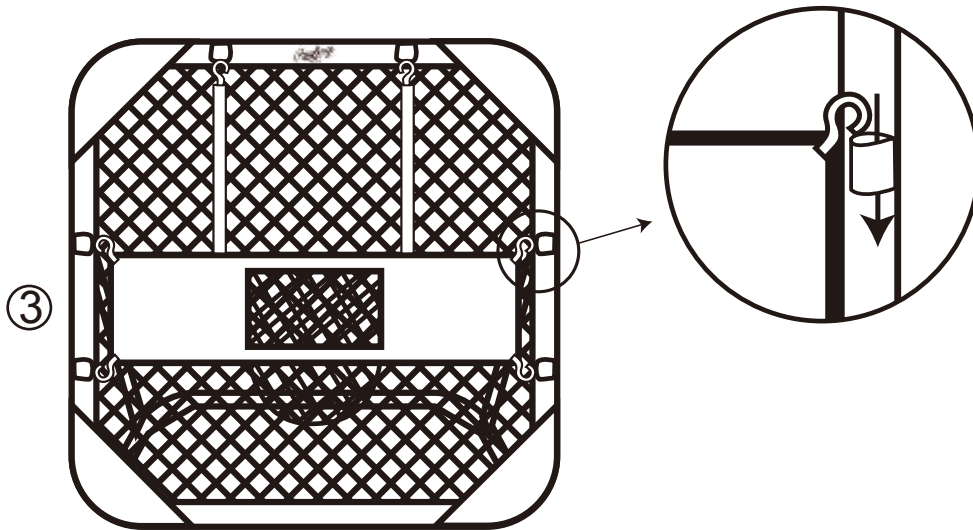

Image #5

STEP 6. Use Steel Stakes (4) to secure the base to the ground as shown in Image #6.

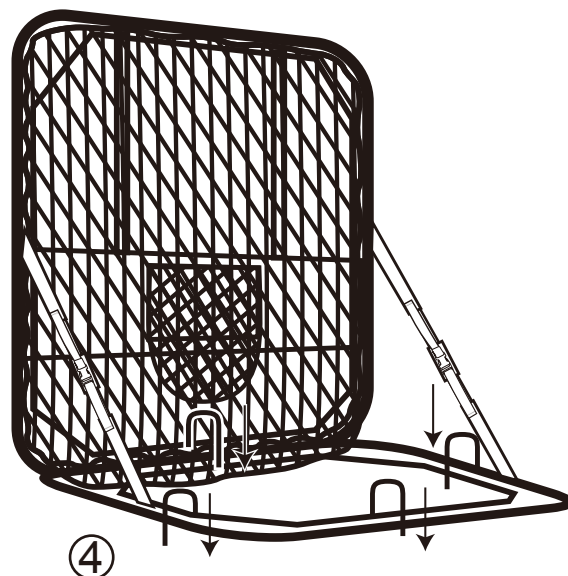

Image #6

Storage

STEP 1. To disassemble, remove the stakes from each corner and store in the pouch on the carry bag. Unclip each sleeve and pull out each support pole. Pull the poles apart to store. See Image #7.

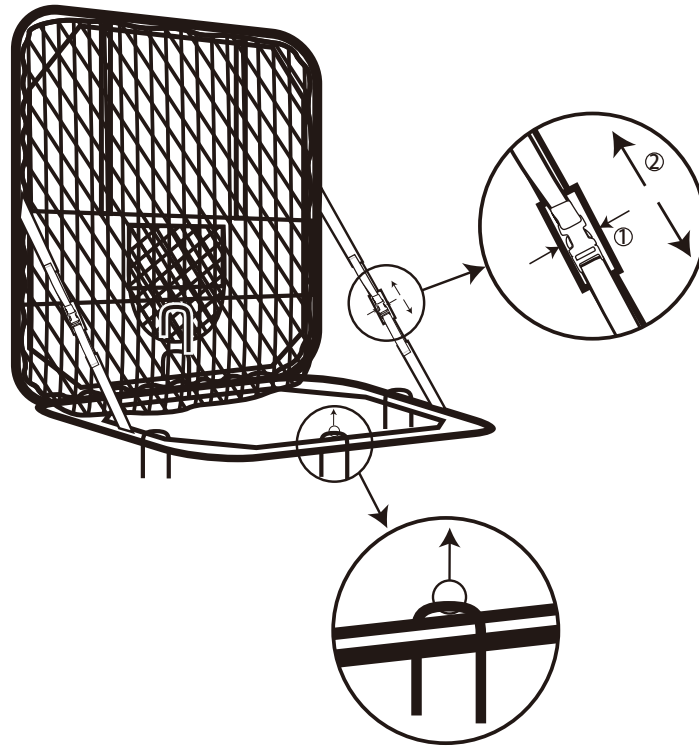

Image #7

STEP 2. Remove the target panel from the net as shown in Image #8.

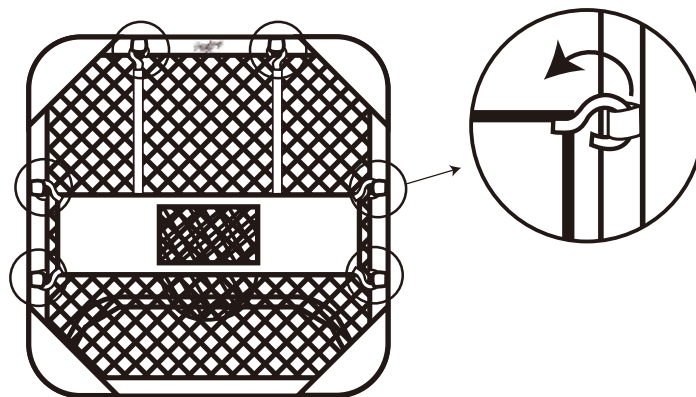

Image #8

Storage

STEP 3. Lay out the net with the logo face down. Fold up the base of the net.

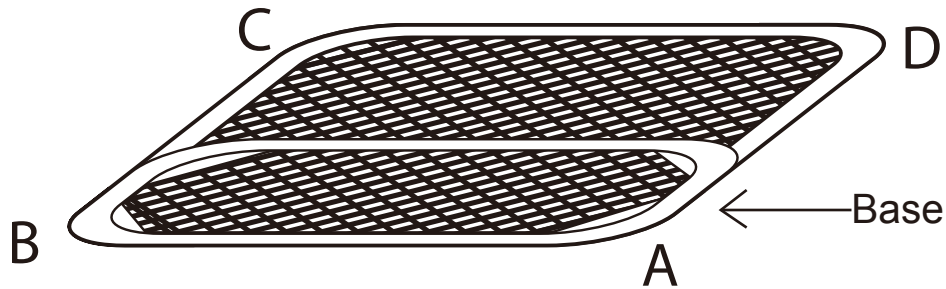

Image #9

Please note:

The net should fold easily. Please do not use excessive force when folding as this may warp the frame.

STEP 4. Take bottom right corner A and fold it across to diagonal corner C leaving a few feet between each corner. Do not sit or kneel. Remain standing while folding net. See Image #10.

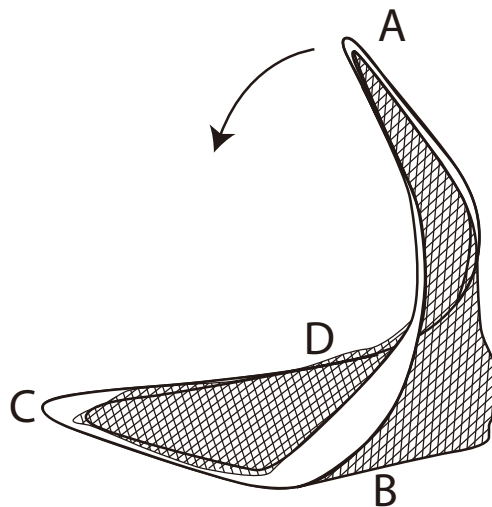

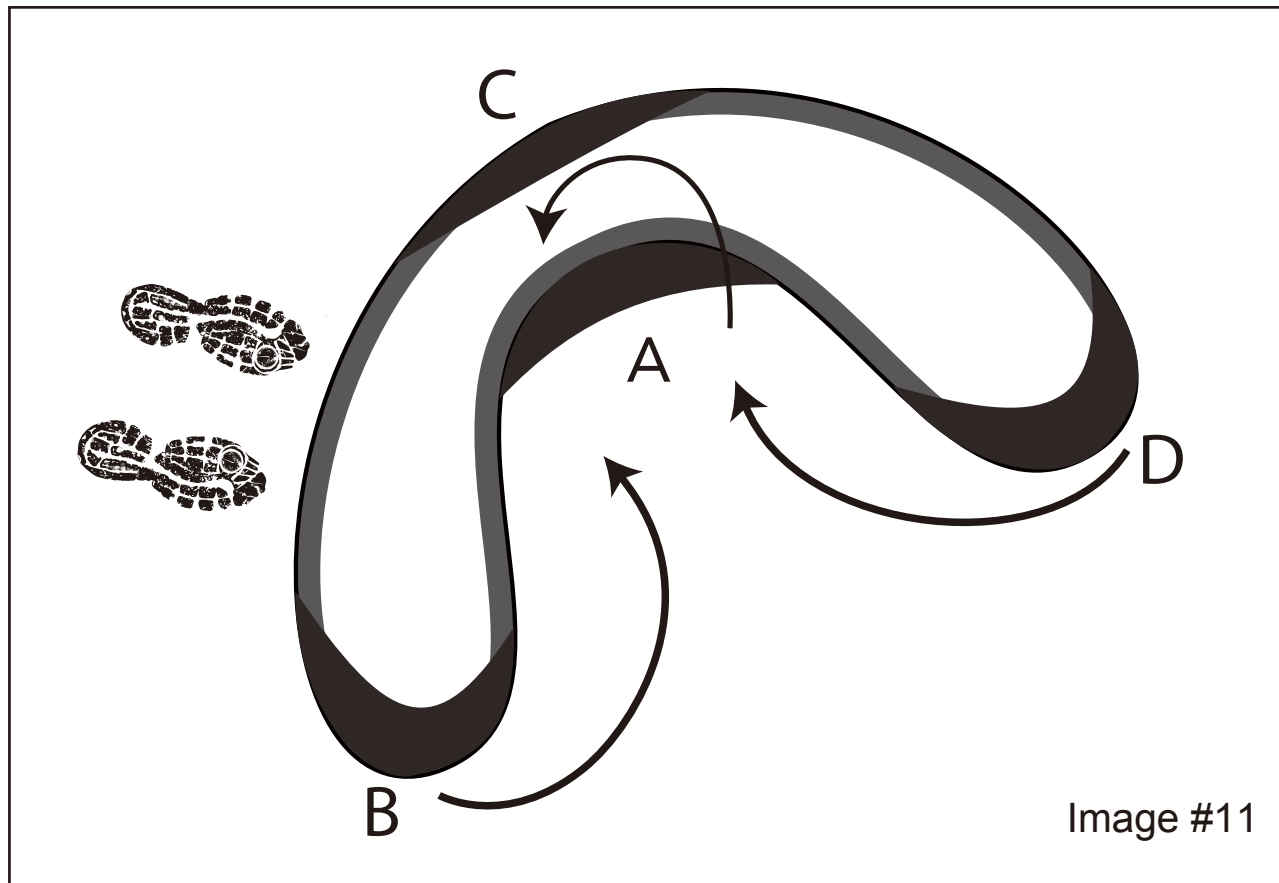

Image #10

Storage

STEP 5. Fold up corner B over corner A and wrap around with D as shown in Image #11.

STEP 6. Upon completion, net should be folded in a neat, nested circle as shown in Image #12.
