

Aqua Slide

86231 / 86233

POOLMASTER®

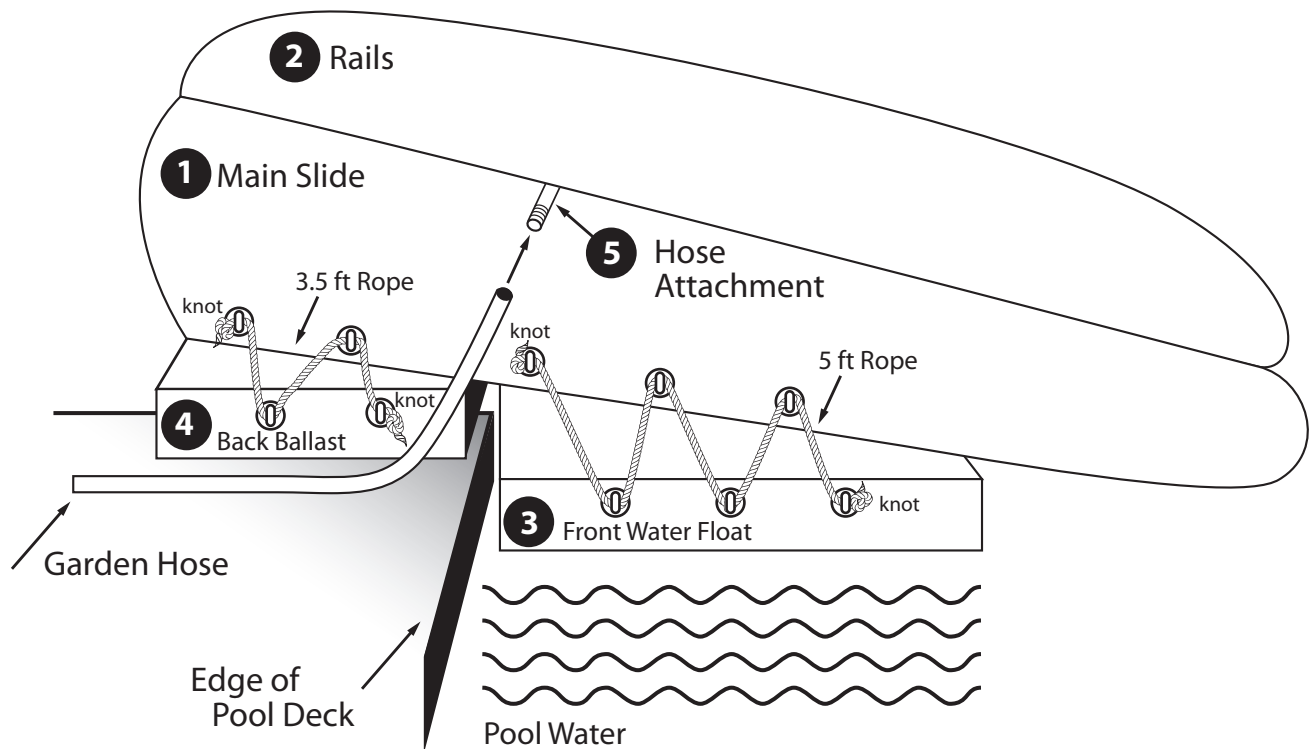

We Make Water Fun!

770 Del Paso Road, Sacramento, CA 95834-0308

Contents: 1 Slide, 1 Ballast, 1 Water Float, 4 Ropes (2) 3.5ft / (2) 5ft (approximate size)

Assembly Instructions

- Step 1. Fill the main slide with air.
- Step 2. Fill the rails with air.
- Step 3. Fill the front water float with air and tie to main slide as shown. Place it in the pool water so that the back edge is against the edge of the pool.
- Step 4. Situate the back ballast on the pool deck and tie to main slide as shown and fill with water to weigh the slide in place.
- Step 5. Securely attach a garden hose to the attachment on the slide and turn on the water.

Electric Pump Recommended (not included)

Product Care & Storage

1. Remove from pool when not in use.
2. Rinse with plain water after each use.
3. Store in a dry place away from direct sunlight and pool chemicals.
