WOMEN'S SIZE AND FIT GUIDE

HOW TO MEASURE

For best results, measure over your undergarments.

BUST:

Measure the fullest part of your bust, keeping the tape level to the floor.

NATURAL WAIST:

Bend side to side and find the natural bend in your body; this is your natural waist.

NOTE:

It may not be the smallest point.

HIPS:

Measure at the fullest part of your hips, approximately 8" below the natural waist.

INSEAM:

Measure from your crotch to the desired length on body. You may also measure pants that you currently own and like. Lay the garment flat and smooth out. Measure on the front from the crotch point along seam to the hem for the inseam length.
