

## WARRANTY INFORMATION

### NON-WOOD BAT WARRANTY POLICY

Rawlings will provide a one time bat repair or replacement within one year, or 400 days for qualifying bats, from the date of purchase. If the bat model is no longer available, it will be replaced with a model of Rawlings discretion. See your specific warranty card for the duration or contact customer service at 1-800-RAWLINGS. This guarantee covers breakage or cracking that results from normal usage. Abuse such as hitting metal cleats, rocks, or anything other than a ball can damage your bat and will void the warranty. THIS WARRANTY DOES NOT COVER bats that have been used in commercial batting cages.

### WHAT YOU NEED TO DO

Important: NEVER RETURN YOUR BAT TO YOUR SPORTING GOODS DEALER

1. E-mail [batwarranties@rawlings.com](mailto:batwarranties@rawlings.com) OR call 1-800-RAWLINGS to obtain a Return Authorization Number (RA#). Please have the following information ready: model #, length, and date purchased.
2. Once you receive your RA # and return instructions, send your bat along with a valid proof of purchase (sales receipt) to the Warranty Department. The sales receipt must be from an authorized dealer. Rawlings' warranty commitment is to the original owner and is not transferable. Rawlings DOES NOT accept receipts from PayPal, Paypoint, eBay or other auction websites.
3. If the bat is deemed defective, Rawlings will send out a repaired or replacement bat.

Rawlings has the right, as the manufacturer, to "mark" any bat they feel are not entitled to a warranty replacement. Rawlings will not honor any bats that have been altered. Alteration consists of: shaving, rolling, vicing, hitting objects other than balls with your bat and basically, "doctoring" your bat in any form in an attempt to affect the performance or characteristics of the bat. If Rawlings finds a bat has been altered, the warranty is null and void. Rawlings is also not responsible for any injury resulting in using an "altered bat".

Bats must be received by our evaluators within the warranty time frame. The customer is responsible for the cost of shipping their bat in for warranty consideration. We are not responsible for any bat that is lost during the shipping to our facility. Rawlings reserves the right to perform any testing that they deem necessary to determine whether the bat meets the warranty requirements. If the bat does not meet our requirements, it will be returned to the customer in it's condition after testing.
