

# DSX-M55BT

Digital Media Receiver with Bluetooth

## One-touch Bluetooth® Connection

Just touch backside of your phone to the volume knob for instant Bluetooth® pairing, connection/disconnection via NFC for hands-free call and wireless audio Streaming

## Be in control with Songpal™

Download SongPal™ for your smartphone and take control of your music collection. Simply connect over Bluetooth to enjoy voice control over basic head unit functions, as well as navigation and seamless access to all your favorite tracks, apps and more on your smartphone. The app can also be used to customize sound settings to ensure great balanced audio.

## MTP/MSC Compatible USB Terminal

The new DSX series' USB terminal supports MTP(Media Transform Protocol) in addition to MSC(Mass Storage Class) connection and is compatible with MP3/WMA/FLAC files.

## UV and Water Resistant

UV Resistant front panel coating protects faceplate to help prevent discoloration from the sun. Conformal coated circuit boards protect the electronic assembly from damage due to contamination, salt spray, moisture, fungus, dust and corrosion caused by harsh or extreme environments.

## MEGA BASS & EQ5 Advanced

Feel the earth rumbling, deep and loud bass sound by MEGA BASS! It overcomes driving noise and reproduces clear punchy sound at any volume level that even comes with beat-pulsing illumination. The latest version comes with the 2-mode boost steps, with an additional light boost setting. EQ5 Advanced is a 5-band/10-preset Graphic Equalizer that enables easy and effective frequency adjustment for in-car listening environment.

## Dynamic Color Illuminator®

Match your radio's illumination with over 35,000 colors to complement your existing vehicle lighting components with the Dynamic Color Illuminator®. With selectable Sound Synchronization, the timing of the color change is synchronized with the audio source.

## Siri Eyes Free Compatible (For iPhone)

With Siri Eyes Free feature, you can ask Siri to make calls, select and play music, hear and compose text messages, use Maps and get directions, read your notifications, find calendar information, add reminders, and more. It's just another way Siri helps you get things done, even when you're behind the wheel.
