### NOTE:

BECAUSE THE NATURE OF SOLID WOOD, RELATIVE HUMIDITY AND SEASONAL CHANGES WILL EXPAND AND CONTRACT. IT WILL RESULT IN THE WARP OF THE VERTICAL LADDER SUPPORT. BUT AFTER CUSTOMERS ASSEMBLE IT WITH PROPER HARDWARE, IT WON'T AFFECT THE STABILITY AND PLAYABILITY OF THE OVERALL DEVICE.

### NOTE:

DO NOT OVER TIGHTEN THE SCREW KNOBS BECAUSE IT MAY TORQUE THE FRAME PREVENTING IT FROM RESTING EVENLY ON THE GROUND. IF THE LEGS ARE NOT RESTING FIRMLY ON THE GROUND TRY LOOSENING ALL SCREW KNOBS AND RE-TIGHTEN WITH LESS PRESSURE.

### SAFETY WARNING

- This product is not a toy. Adult supervision is required for all children under twelve (12) years of age.
- **DO NOT** use the bolas or frame tubes for anything other than their intended purpose. Improper use (swinging or pulling) may result in personal injury or property damage.
- **DO NOT** wrap the bolas around any part of your body.
- **DO NOT** stand or step on the ladder toss frame. It is not intended to bear weight and it will break.
- **Always** make sure to have a clear open space to play this game. Throwing bolas, as with any hard object, can be dangerous to those around you.

## GAME SETUP

**Playing Area** – Select an open area that provides approximately 25 ft. (7.62 m) --approx. ten paces apart--between the two foul lines (front of the Ladder Ball frames). Allow children to set the distance with their own stride. The width of the court depends on the skill level of the players.

Play is between two players or teams. One member from each team will stand next to each ladder. Players will want to make sure to stand away from the ladder when not tossing the Bolas.

## GAME RULES

- **Object of the Game** – To “out-toss” your opponents by wrapping your Bolas around the scoring rungs. First Player/Team to reach 21 points wins!
- **Game Play** - For the first round, decide Player 1 and/or Team 1 by tossing a coin, or some other suitable method. For following rounds, the team scoring the highest points in the previous round is the first to toss in the next round.
- Each round consists of one person (either Player 1 or Player 1/Team 1) tossing Bolas. Play continues alternating Player/Team until each player has had one Bola toss.
- Bolas may be tossed in any way the player chooses, as long as they are tossed individually.
- Players must not step across the foul line (front edge of the Ladder Ball Frame) during a throw, or the results of that throw will be reversed (other Bolas that were moved will be restored to their position before that throw).
- **Scoring** - Points accumulate with each Bola landing on a rung. Bolas may wrap around another Bola with both Bolas scoring. If that second Bola has one ball on either side of the next rung down, it scores points from both rungs. A cord may also wrap around a vertical bar between rungs.
- **Point Values** (based on difficulty level) are as follows:  
Top Rung = 3 Points, Middle Rung = 2 Points, Bottom Rung = 1 Point
- **No Score** - Bolas that miss the ladder or bounce off the ground do not count in scoring.
- Use the side rail scoring to track both player/team scores.
- **To Win** – There are alternatives for declaring a winner: 1) the winning team must lead by at least two points; or 2) requiring an exact score to win. If a round's score would put a team over twenty-one, that round's score is not used.
