AVAILABLE RETICLES

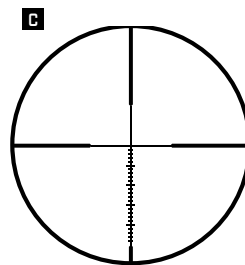

Duplex

- Invented in 1962 by Leupold
- Defined by heavy posts
- Stands out against cover in low light
- Quick target acquisition with thinner center
- Most popular reticle in the world

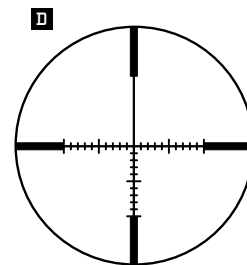

Pig-Plex

- Simplified design
- Aggressive post design for quick target acquisition
- Holdover points out to 600 yards
- Bracketing features specifically for measuring pips

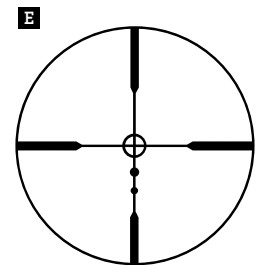

Rimfire MOA

- Features hash marks at 1 Minute of Angle (MOA) increments
- Designed specifically for rimfire cartridges
- Provides a larger amount of precise reference points for rimfire ballistics
- Leaves upper section clear for observation and spotting

Tri-MOA

- Features hash marks at 1 Minute of Angle (MOA) increments
- Compatible with any caliber
- Provides precise reference points for quick shots
- Leaves upper section clear for observation and spotting

UltimateSlam

- Builds on the Leupold designed Duplex Reticle
- Tailored specifically to muzzleloaders and shotguns
- Utilizes a 100 yard zero
- Accurate aiming points out to 300 yards
- Marks on the power selector help users tune the reticle for their specific load
- Non-caliber specific
