

We want your Softe order to fit like a dream! If you are unsure about your size, follow the steps below.

STEP 1: MEASURE YOURSELF

BUST

Relax arms at sides. Measure the fullest part of the bust, holding the tape parallel to the floor.
TIP: if the measurement falls on the half inch, round up.

WAIST

Bend your torso to one side to find the natural waist. Measure around natural waistline, keeping one finger between the body and tape for a more comfortable fit.

HIP

Stand with feet together, holding the tape parallel to the floor. Measure around the fullest part of hips and bottom.

STEP 2: FIND YOUR SIZE

Use the chart below to find your perfect fit. If you're on the borderline between two sizes, order the smaller size for a tighter fit or the larger size for a looser fit. If your measurements for bust and waist result in two different suggested sizes, order the size from your bust measurement.
