TRIPOD STAND SAFETY

Every year people are injured from hunting related falls. Most of these injuries could have been prevented by following the instructions and warnings provided with the tree stand and safety harness. Tree stands are used at height and falls can result in serious injury or death. Your own safety, and the safety of any user of this product, should be your first priority. In order to reduce your risk of injury, you MUST read and thoroughly understand all of the safety warnings, usage instructions and other information contained within the written and safety video instructions and warnings provided with this product, and any other hunting equipment used. Retain the instructional and warning materials and review them periodically (at least once a year and always with any new user). Failure to follow all instructions and warnings may lead to serious injury or death. DO NOT USE THIS PRODUCT UNTIL AND UNLESS YOU HAVE READ AND THOROUGHLY UNDERSTAND ALL INSTRUCTIONS, SAFETY WARNINGS AND OTHER MATERIALS. If you have any questions, do not use the product until you have contacted the manufacturer at 949-262-3416 or email customerservice@innopower.biz.

Business Hours:

Monday through Friday, 8:00 am to 5:00 pm ET. If you are unable to speak with a representative, please leave a voicemail with your contact information and your call will be returned within one (1) business day.

 WARNING! Prior to attempting to use this or any Game Winner product(s), you must take a moment and become familiar with its assembly, setup, installation and removal. You must practice setting-up using and removing the product(s) at ground level prior to attempting to use it at heights above ground-level. Once you have become thoroughly knowledgeable and comfortable with this product set-up, use and removal at ground-level, you are now ready to use it at heights above ground-level. Failure to follow these instructions may result in serious injury or death!

Warnings

-  **WARNING!** Replace all hardware/cables/nuts/bolts/clips on your pod stand if inspection reveals any damage, including but not limited to wear, rot, corrosion, cracks, fraying, deterioration and/or any other type of damage. Use only Game Winner replacement parts. The product is tested to be used only with genuine Game Winner parts. Use of any other parts, which are not genuine Game Winner parts, constitutes a modification to the product and could result in serious injury or death. Any modification will void the warranties and relieve Game Winner Inc. from all liabilities. Failure to follow these instructions may result in serious injury or death!
-  **WARNING!** Never rely on a tree branch for support while climbing. Failure to follow these instructions may result in serious injury or death!
-  **WARNING!** ALWAYS inspect ALL of the seat and all straps prior to each use. Replace the seat and/or any straps if inspection reveals any damage, including but not limited to wear, rot, fraying, deterioration and/or any other type before each use. You must replace ALL straps (i.e., ratchet, cinch, button, stabilizing straps/ropes, etc) and suspension seats EVERY two years. Inspect all tags and/or labels for dates prior to each use. If any tag or label is missing, damaged or unreadable, replace and do not use the strap. Use only Game Winner replacement straps. Use of any other straps, which are not genuine Game Winner straps constitutes a modification to the product and could result in serious injury or death. Any modification will void the warranties and relieve Game Winner Inc. from all liabilities. Failure to follow these instructions may result in serious injury or death!
-  **WARNING!** You must always inform someone of your hunting location, where the pod stand will be located and the expected duration of the hunt. Failure to follow these instructions may result in serious injury or death!
-  **WARNING!** Inspect all safety devices each time before each use. DO NOT use these devices if they show signs of wear, damage, deterioration, vandalism, fraying or other damage. Factors such as vandals, weather and animals may affect the performance of an unattended pod stand or safety device. Do not store these devices outdoors when not in use. Failure to follow these instructions may result in serious injury or death!
-  **WARNING!** If you have a limiting physical and/or health condition, DO NOT hunt from heights above ground level. Hunt from the ground when self-recovery/escape ability is absent. Failure to follow these instructions may result in serious injury or death!
-  **WARNING!** Never attempt to climb up or climb down with a weapon and/or gear period. ALWAYS unload your weapon and pull it up to hunting height using pull up rope. ALWAYS lower your unloaded weapon down to the ground prior (when raising or lowering firearms, the chamber must be open and the barrel pointing toward the ground) to attempting to climb down. Use this same method when raising or lowering all other gear. Failure to follow these instructions may result in serious injury or death!
-  **WARNING!** DO NOT attempt to use this and/or any other Game Winner product(s) when ice, snow and/or freezing rain has deposited or formed on any portion of the product you intend to climb. Failure to follow these instructions may result in serious injury or death!
-  **WARNING!** ALWAYS maintain three (3) point contact when climbing up/down when using this product. Proper three (3) point contact means having either two (2) feet with one (1) hand on step or one (1) foot with two (2) hands on the step portion of the climbing aids at all time when climbing up or down. Failure to follow these instructions may result in serious injury or death!
-  **WARNING!** NEVER adjust ANY straps, cables, and/or adjustable support bars while standing on or leaning against any treestand. DO NOT use any treestand if there is wear, rot, corrosion, cracks, fraying, deterioration and/or any other type of damage on any part of the pod stand. Failure to follow these instructions may result in serious injury or death!
-  **WARNING!** Never leave a treestand in a tree for more than two (2) weeks (14 days). Weather, elements, animals, vandalism, and/or other mechanisms could damage the treestand. Failure to follow these instructions may result in serious injury or death!

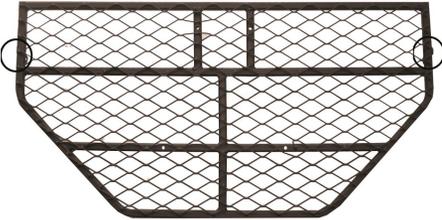

Warnings

-  **WARNING! DO NOT** modify, fix/repair, alter, bend, cut, weld, or heat this product in any way. Failure to follow these instructions may result in serious injury or death!
-  **WARNING! DO NOT** lean out from a pod stand for any reason. Failure to follow these instructions may result in serious injury or death!
-  **WARNING! Never** jump from or bounce on a pod stand for any reason. Failure to follow these instructions may result in serious injury or death!
-  **WARNING! DO NOT** use this or any other Game Winner product(s) if you have a history of heart problems, back problems, impaired vision, joints that lock-up, spinal fusions, equilibrium problems, high blood pressure, are not well-rested and/or any other physical impairment that may limit your ability to use and/or operate this product(s) in the safe manner outlined in this instruction manual. Additionally, do not use this or any other Game Winner product(s) if you are currently taking any medication (including prescription or over-the-counter [OTC]) and/or using and/or consuming any substance, or consumed any substance, including alcohol, that may limit your ability to use this product as outlined and described in this instruction manual. Never use a pod stand when feeling ill, nauseous or dizzy. Do not use any Game Winner product(s) without consent from your medical doctor. Failure to follow these instructions may result in serious injury or death!
-  **WARNING! DO NOT** attempt to use this or any other Game Winner product(s) when lightning or thunderstorms are threatening and/or present within five (5) miles. Do not attempt to use this or any other Game Winner product(s) during or under threat of any adverse weather condition. This includes weather conditions which have the potential for producing winds, lighting, rain, snow, sleet and/or any other atmospheric condition which may limit the user's ability to operate this product in a safe manner as described in this instruction manual. Should inclement weather conditions arise during your use of this product, return to the ground immediately. Failure to follow these instructions may result in serious injury or death!

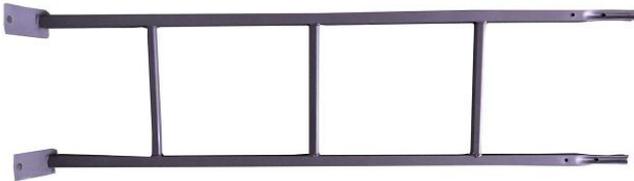

SPECIAL CONSIDERATIONS FOR TRIPOD TREESTAND USAGE

-  **WARNING!** You must use at least four (4) adults to install and/or take down this tripod treestand. Failure to follow these instructions may result in serious injury or death!
-  **WARNING!** You must check every ladder sections connection every time you use the stand before you leave the ground. If you find that the ladder section are separating, **DO NOT USE** the pod stand. Failure to follow these instructions may result in serious injury or death!
-  **WARNING!** You must check the ground under the tripod to make sure it is firm and level. Sloping ground or uneven surfaces (e.g., one foot on a rock) can cause your tripod ladder to tilt or shift as you climb. Failure to follow these instructions may result in serious injury or death!
-  **WARNING!** In addition to level ground, you **MUST** ensure that your Game Winner tripod stand is erected so that the platform is level. Any installation other than level, will result in a dangerous condition for the user. If you find your pod stand canted, un-level or in any condition other than level, you must remove it and review the installation step by step to insure that you have properly assembled the stand. If the cantor is the result of a sloping ground, do not hunt from that location. Find an alternative installation site that affords level installation. Failure to follow these instructions may result in serious injury or death!
-  **WARNING!** You must maintain three(3) points-of-contact when climbing the ladder and onto the tripod (i.e., two feet-one hand, two hands-one foot). Failure to follow these instructions may result in serious injury or death!
-  **WARNING!** Always have a second adult present or at least accessible by cell phone or other means when using this product. The ability to get help quickly may save your life in the event of a fall. A good non-slip safety boot is important for your safety. Be especially careful that bootlaces do not get hooked on the pod stand (tuck shoelaces into boot before climbing). Failure to follow these instructions may result in serious injury or death!

Step 3:

Locate two Ladder Supports (#4). Install the Ladder Supports (#4) onto the assembled Platform using four (4) M8x60 Bolts, eight (8) Steel Washers and four (4) Locknuts as shown in Figure 3.

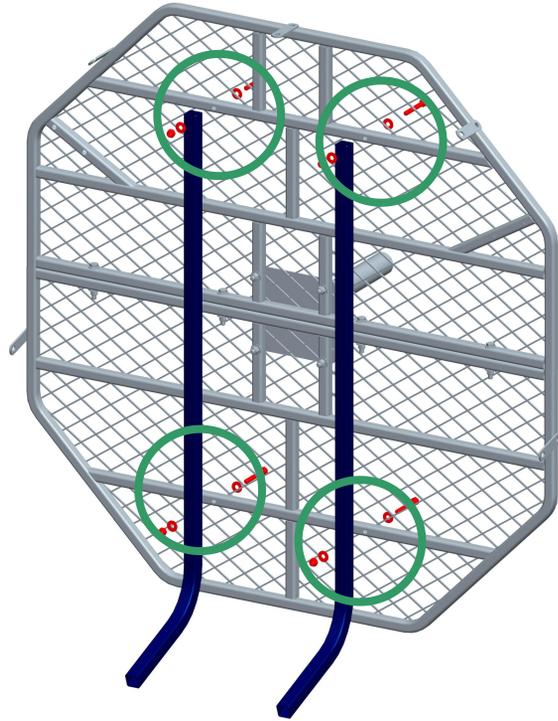

Figure 3

Install Ladder Supports

Step 4:

Locate two Leg Supports (#5). Install the Leg Supports (#5) onto the assembled Platform using four (4) M8x40 Bolts, eight (8) Steel Washers and four (4) Locknuts as shown in Figure 4.

WARNING:

Do not overtighten the hardware. Overtightening can lead to structural damage and may negatively affect the performance of your stand.

Failure to follow these instructions may result in serious injury or death!

Installation Instructions

SETTING UP THE GAME WINNER TRIPOD AT THE HUNTING LOCATION

-  **WARNING!** You must follow these installation instructions very carefully. Failure to follow these instructions may result in serious injury or death!
-  **WARNING!** Prior to attempting to use this, or any other Game Winner product(s), you must take a moment and become familiar with its setup and installation at ground-level. You must practice installing, setting-up and using product(s) at ground-level prior to attempting to use it at heights above ground-level. Once you have become thoroughly knowledgeable and comfortable with this products setup, installation and use at ground-level, you're now ready to use it at heights above ground-level. Failure to follow these instructions may result in serious injury or death!
-  **WARNING!** You must check the ground under the pod stand to make sure it is firm and level. Sloping ground or uneven surfaces (e.g., one foot on a rock) can cause your ladder to tilt or shift as you climb. Prior to attempting to climb a pod stand for the first time, make certain the feet of the bottom rung ladder section are firmly planted on solid, level ground. If they are not firmly planted on level ground, **DO NOT** climb the ladder. Failure to follow these instructions may result in serious injury or death!
-  **WARNING!** In addition to level ground, you **MUST** ensure that your tripod stand is erected so that the platform is level. Any installation other than level, will result in a dangerous condition for the user. If you find your pod stand canted, un-level or in any condition other than level, you must remove it and review the installation step by step to insure that you have properly assembled the stand. If the cantor is the result of a sloping ground, do not hunt from that location. Find an alternative installation site that affords level installation. Failure to follow these instructions may result in serious injury or death!
-  **WARNING!** Your Game Winner tripod was designed, engineered and constructed in a manner that makes it a rugged piece of hunting equipment that will give you years of trouble-free service. This rugged-construction makes your Game Winner tripod physically heavy. As such, you should never attempt to install this tripod by yourself. **YOU MUST HAVE A MINIMUM OF FOUR (4) ADULTS FOR THE SAFE ERECTION OF YOUR POD STAND.**
-  **WARNING!** You must have at least four (4) adults to install and/or remove this tripod. In addition to helping carry the heavier construction of the stand, the use of four people also helps the stand remain level and steady during set up. Failure to follow these instructions may result in serious injury or death!
-  **WARNING!** Prior to climbing, make sure that all the ladder sections are firmly connected. Failure to follow these instructions may result in serious injury or death!
-  **WARNING!** Do not climb or use tripod with another person. This product is designed for and intended for only one person.
-  **WARNING!** **NEVER** walk or stand under the pod stand at any time during set-up or removal. Failure to follow these instructions may result in serious injury or death!
-  **WARNING!** When climbing, always maintain three (3) points-contact as you ascend (i.e., climb up) and while descending (i.e., climb down). Failure to maintain three (3) points-of-contact puts the user at serious risk of bodily injury. Failure to follow these instructions may result in serious injury or death!
-  **WARNING!** **DO NOT** use this, or any other Game Winner product(s) to climb utility poles, telephone poles, structural columns or any other man-made structures. Never use this or any other Game Winner product(s) around power generation (e.g., transformers, generators, substations, etc.) and/or power transmission equipment. Failure to follow these instructions may result in serious injury or death!

Installation Instructions

STEP1: After making sure that the ground is level and with the assistance of three (3) other adults (for a total of four (4) adults) gently raise your Game Winner Tripod into a standing position. Once standing, make certain the seating platform is level and the pod stand is installed on solid, level ground. If the seat or standing platforms are not level, or the pod stand is not on level, firm ground, gently lower it (with the help of three[3] adults four[4] total) and move it to a location where it can be erected in the safe manner previously described in this manual.

STEP2: If used in an area of high wind, the stand should be tied down and secured to the ground using stakes with straps and/or ropes. Such ropes should be attached near the platform of the tripod and braced at an approximate 45 degree angle toward the ground in a minimum of three (3) directions. Doing so provided additional stability to prevent tip over incidents in the event of a high wind. If you do not have the ability to tie down the tripod, do not use this product. Do not use the product in the event that any weather condition makes the tripod unstable for any reason. Additionally, it is highly recommended that a certified electrician ground the structure in the event of an electrical storm.

Removing Your Game Winner Tripod

WARNING! NEVER walk or stand under the pod stand at any time during set-up or removal. Failure to follow these instructions may result in serious injury or death!

STEP 1: Remove all ground stakes that are securing the unit to the ground. With the help of three (3) other adults for a total of four (4), gently lower the tripod to the ground. Slowly walk the unit down to the ground. **DO NOT ALLOW THE UNIT TO SLAM AGAINST THE GROUND.** Never stand in the direct path of the unit being raised or lowered to the ground.

STEP 2: For complete disassembly, reverse the instructions set forth on pages 14-24.

WARNING! Prior to attempting to use this or any other Game Winner product(s), you must take a moment and become familiar with its setup and installation at ground level. You must practice installing, setting-up and using this product(s) at ground-level prior to attempting to use it at heights above ground-level. Once you have become thoroughly knowledgeable and comfortable with this Game Winner product(s) setup, installation and use at ground-level, you're now ready to use it at heights above ground-level. Failure to follow these instructions may result in serious injury or death!
