

DISCOVER

The Niagara Wine Region is situated at the same latitude as Northern Italy and many other cool climate wine regions of Europe. The unique proximity of two prominent geographic features – Lake Ontario and the Niagara Escarpment – creates a microclimate that occurs nowhere else in all of eastern North America, allowing classic cool climate varieties to flourish, such as Chardonnay, Riesling, Pinot Noir, Cabernet Franc and Gamay Noir.

TASTE

Exclusive Barrel Tasting at Peninsula Ridge Estates

- Barrel tasting in a private cellar where you'll learn the differences between French & American Oak and regional wine varietals
- Discover what makes Ontario's world-renowned ice wine so unique
