NAPLES, Fla. (May 2022) – An exclusive oasis, The Ritz-Carlton Spa, Naples has unveiled a transformation with a coastal-inspired redesign reflecting the serenity and natural beauty surrounding the luxury resort.

The transformation, which encompasses the spa’s guest areas, treatment rooms, salon, and relaxation lounges, complements the resort’s dramatic [Evolution of an Icon](#) remastering project. With a focus on wellness and authentic, intuitive treatments that aid in rejuvenating mind, body, and soul, the new refined design elements and coastal palette reflect the healing nature of warm sand, soothing waters, and gentle tropical breezes rich with floral garden scents.

Carrying design aesthetics from the remastering of The Ritz-Carlton, Naples, the redesigned spa spaces resonate with touches of creams, blues, greens, and grays, reflective of the resort’s stunning Gulf of Mexico location. Soft wood tones and subtle touches of gold and marble exude casual elegance and a timeless design that honors the resort’s legacy. Central to the lobby seating area, a custom, hand-blown glass light sculpture anchors the entryway, setting the tone for relaxation and reflection.

Known for its “Garden to Sea” focused treatments that capture the essence of the local surroundings, guests will experience authentic wellness during their spa visit. Unique wellness services such as “Intuitive,” “Sea Holistic” and “Drift to Sleep” offer guests a sense of place through holistic practices that incorporate plant and flower-based aromatic oils to stimulate and relax the mind and body. Specialty treatments include the “Calm Seas Massage,” a gentle hands-on healing therapy for guests with compromised health, and “Restorative Therapy,” a treatment that combines 15 immune-boosting essential oils to help individuals recover from ailments such as jet lag and low energy levels. Treatments for men include “Power Hour” and “Muscle Recovery Massage” along with facials, manicures, and pedicure services.

Geared towards organic and sustainable products, the spa offers skincare programs such as the “Well Aging Facial” which utilizes only pure, clean products.

Offering 35 treatment rooms, including aesthetics-only and hydro-therapy rooms, the spa is a hub of wellness offerings where a full day spa experience includes the use of the mineral pool, the wet lounge consisting of a steam room, steam showers, infrared sauna, hot and cold plunges, and Jacuzzi.

A state-of-the-art fitness center keeps fitness regimens on track with Technogym and Peloton equipment, in addition to options for personalized training with fitness professionals and a schedule of yoga, Pilates, and spin classes, among others.

For at-home wellness, the Spa Boutique offers exclusive merchandise and skincare including Espa, Skinceuticals, and homeopathic wellness products, men’s and women’s active and lounge wear, gifts, and candles.
