2. REMOTE SPECIFICATIONS

Battery Type	CR2450*3V*1
Work Temperature	14°-122°F
Radio Frequency	433.92M±100KHz
Transmit Distance	>=98.5′ indoor

⚠WARNING

- **INGESTION HAZARD**: This product contains a button cell or coin battery
- **DEATH** or serious injury can occur if ingested.
- A swallowed button cell or coin battery can cause **Internal Chemical Burns** in as little as **2 hours**.
- **KEEP** new and used batteries **OUT OF REACH of CHILDREN**
- **Seek immediate medical attention** if a battery is suspected to be swallowed or inserted inside any part of the body.
3. CAUTION

⚠ **WARNING:** Important safety and operation instructions to be read before installation and use.

1. This product is intended for indoor use only. Do not expose the remote to moisture or extreme temperatures.
2. If the remote becomes less responsive and has a shorter transmission range, please check whether the battery needs to be replaced.
3. Use or modification outside the scope of this instruction manual will void warranty.
4. When the battery voltage is too low, the orange LED will flicker during operation.
5. Please properly dispose of used batteries and replace with only the specified battery type.
4. INSTRUCTIONS
