

Compatibility Chart

		Shade Motors			Drapery Motor
		Wirefree Tubular	Wirefree Tubular with Attached Wand Control	DC Tubular	Slim
Controller	R-TEC Hub & R-TEC Automation [®] App 	•		•	•
	Handheld Remotes with Wall Mounts (1, 5 or 15 channel) 	•		•	•
	Wall Box Mount Switch (5 channel) 	•		•	•
	Surface Mount Wall Switch (15 channel) 	•		•	•
	Internal Sun Sensor 	•		•	•
	ARC USB Signal Repeater 	•		•	•
	Solar Panel Battery Charger 	•		• (if using High Capacity Battery Pack)	• (if using High Capacity Battery Pack)

Efficient programming

Use the smartphone app for remote-free motor set up along with a step-by-step programming wizard.

Conserves battery power

ARC motors use FSK modulation so they are less susceptible to RF interference from other common household devices and as a result battery power is conserved.

Bi-directional communication

Shade positioning and battery health is relayed via the R-TEC Automation[®] App. A notification will prompt if the motor requires recharging.
