

# Flexible Metal Tack Strip

**100 Feet Per Roll**

- High quality steel, bends and flexes around curves.
- Use where visible tacks are not desired.
- Saves time. Eliminates hand sewing.
- 3 Teeth for extra gripping power.
- Can be cut with tin snips.

**To use:** Staple down, tuck in fabric and hammer teeth down. We suggest using our Dead Blow Hammers (STK# MH51 and MH52, below).
