

# THE FINIAL COMPANY™

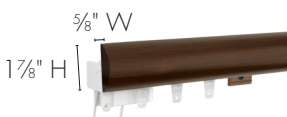

## fascias for traverse systems

Soft modern fascia profiles can be hand painted in any of our 50 designer finishes to help you create a sleek and more contemporary look for functional window treatments. Built to your specifications and engineered for heavy duty performance, our traverse systems are available in cord draw, hand draw or motorized traversing options. Please reference the 2018 Catalog or Price List for finish options.

### 1 7/8" Slim Round\* Smooth Profile

Available with Flush Ends or with Mitered Returns.

\*These fascias do not accept finials. Not available for back fascia on Double Systems or Double System with Back Traverse and Stationary Pole in Front.

# THE FINIAL COMPANY™

Custom designed drapery solutions are our specialty and fascias are no exception. We can create the following solutions for unique window styles and track systems:

- A continuous blended fascia can seamlessly cover multiple, independent track systems on the same window.
- Fascias can be mitered for corner and bay windows.

## how to order the perfect traverse system every time in 4 easy steps

### 1 SELECT YOUR TRAVERSE SYSTEM

single traverse
