HORIZONS

COLLECTION

Truly a grouping of worldly fabrics, the latest designs from Alhambra draw inspiration from several continents, blended with the signature Alhambra aesthetic. Places like Manhattan, Tuscany, and Brazil are conveyed through native motifs and are offered in rich and rustic color palettes.

Fresh new colorways have been added to the Alhambra favorite, Aspen Brushed, resulting in an incredible array of colors to choose from! Considered a staple, as it's a simplistic yet versatile cotton linen blend that is washable, durable, and soft to the touch.
