FABRIC WALLCOVERING

Fabric wallcoverings produce dramatic walls with natural texture and intense depth of color, creating a smart and stylish alternative to traditional wallpaper. Virtually all James Hare's wonderful fabrics can be paper backed to create wallcoverings. With a vast collection of plains, together with fabulous woven patterns, there are a dazzling range of possibilities. Since 1865, the Hare family has been designing, manufacturing and distributing elegant fabrics using only the finest materials and techniques. Now run by the fifth generation of the family, the company still abides by its founder's principles of offering only the best in British design, quality and service.
