# KINTSUGI

## WALLCOVERING COLLECTION

Inspired by the 15th Century art of gold-seaming broken ceramics, this namesake collection embraces the beauty in imperfections, as well as the majestic landscape of Japan where the technique originated. Its color palette echoes the tradition of oriental inks, with bold red and blue lacquers layered against subtle serene hues and gilded joints.

This colorful collection of vinyl wallcoverings will illuminate and enliven your space, and invite a moment of calm.
