POP ROCK

FABRIC & WALLCOVERING COLLECTION

For this fabric and wallpaper collection, influences were taken from the pop universe. In this universe is where the fortune teller and the work of the macrame makers blend naturally into magical landscapes of floral opulence, the third dimension, and graphic waves. The introduction of the first two outdoor fabrics by Jean Paul Gaultier continues the mix of playing with nature, and nods to the influence of pop and rock.

SOUS BOIS - MURAL

BARBADE - OUTDOOR
