CONTRACT 24

FABRIC COLLECTION

Imagine an enchanting evening in a venetian palace. Time stands still as heavy doors open to reveal structures of grey marble and beautiful textures, almost on display but without ostentation, encrusted with metallic shimmer and romance. Sophisticated geometrics, lush textures, and a fashionable color palette all contribute to its commendable aesthetic. The Contract 24 Collection offers fire resistant products created for interior spaces and more, and is destined for hospitality use.
