FABRIC COLLECTION

Oversized graphic patterns, geometric lines, maze motifs and a broad palette of colors draws inspiration from Greek mythology, the majestic columns of antique palaces, their opulence, their vast proportions and their dazzling light. Quality embossed materials in matte, sparkly or semi-glossy finishes; natural drapes and enveloping shapes—these are some of the defining features of this new collection that equally surprise and entice, with unique designs and a palette of bold statement colors.

This collection offers fire resistant products created for interior spaces and more, and is destined for hospitality use.
