TUNDRA

FABRIC COLLECTION

Scalamandré introduces the Tundra Collection, the latest offering from Old World Weavers. As the polar ice caps enter our consciousness, our thoughts turn northward to life at the glaciers and the beauty of this stark landscape, offering endless inspiration to create this collection. Tundra is a texturally indulgent, and luxurious assortment of textiles designed to provide comfort, warmth, and a cozy escape from the harsh realities of the outside world. A textural oasis created to indulge the senses, Tundra is inspired by all that warms one's heart.
