# RHYTHM & LINE II

## INLAID WALLCOVERING COLLECTION

Scalamandré presents the Rhythm & Line 2 - Inlaid Wallcovering Collection; an assortment of modern, dynamic surfaces celebrating geometry and material play. Using artisanal processes, this diverse group offers a range of fresh, contemporary looks in wood veneer. Inspired by biophilia, or the human connection to the patterns of nature, these lush, rhythmic surfaces imbue any space with light and life.
