BY DESIGN

PERSONALIZED SEATING

Classically proportioned and customizable sectionals, sofas, loveseats, chaises, chairs, corners and ottomans are fabricated by hand of kiln dried hardwood frames. Scalamandré's fabric and trimming, in combination with a variety of fine finishes, nail heads, cushion fills, skirt and trim applications provide endless stylish and luxurious design choices.

All Scalamandré By Design pieces are benchmade in High Point, North Carolina using hardwood engineered frames with glued interlocking mortise and tenon joints. Additional hardwood is used as blocking in critical stress points for added support.
