INDOOR/OUTDOOR PERFORMANCE FABRICS

Scalamandré presents Coast to Coast, an exuberant collection of indoor/outdoor textiles. Drawing inspiration from destinations across the country, we have rejuvenated beloved archival patterns in fresh new hues. Beautifully textured wovens feature easy-to-use motifs, and a darling embroidery adds novelty to the mix. From boldly colored florals to a classic plaid, this eclectic range of fabrics enlivens interior and exterior spaces, from poolside cabanas to family rooms.

We were thrilled to find the original hand-painted “Rhododendron Tree” pattern in the Scalamandr  archives, hand-painted with gouache and filled with penciled notes. It’s always inspiring for the studio to relaunch a timeless design, and see it live on for another generation.
