TERRA

VINYL WALLCOVERING COLLECTION

Introducing Terra, a vinyl wallcovering collection from Scalamandré inspired by the subtle beauty of nature's textures. Terra offers a diverse assortment of vinyl wallcoverings that capture a tactile sensibility. Rendered in a range of sophisticated neutrals, these designs evoke interpretations of water droplets, pebbles, tree bark, and beyond. Suitable for soft contract and residential usage, the vinyls that make up the Terra Collection are enticing yet durable, and modern yet grounded.
