TRIO

PERFORMANCE COLLECTION

Scalamandré is proud to present the Trio Collection, a group of tasteful yet practical high-performance textures. Being at ease is the greatest luxury, and these high-abrasion, fire-rated, easy-to-clean upholstery fabrics offer just that – peace of mind, without sacrificing style! No need to worry about making a mess: puddles of wine, smears of chocolate, and dabs of nail polish are all easily removed with soap, water, bleach or acetone.

Available in a vast spectrum of colors ranging from earth tones to jewel tones, the Trio Collection includes a dimensional bouclé, a textural tweed, and a heathered faux wool. These foundational fabrics can be layered with our signature prints and passementerie to create spectacular family rooms and chic high traffic areas. Get to know more about the Trio designs...

BOSS BOUCLÉ^{SC 27247}

The slight undulation of bouclé yarn adds subtle dimension to the surface of this high-performing upholstery fabric. Ideal for sofas and sectionals, this go-to solid achieves 50,000 Wyzenbeek and is washable and bleach-cleanable. A sophisticated color range makes this easy-care fabric a natural complement to Scalamandré's signature designs.

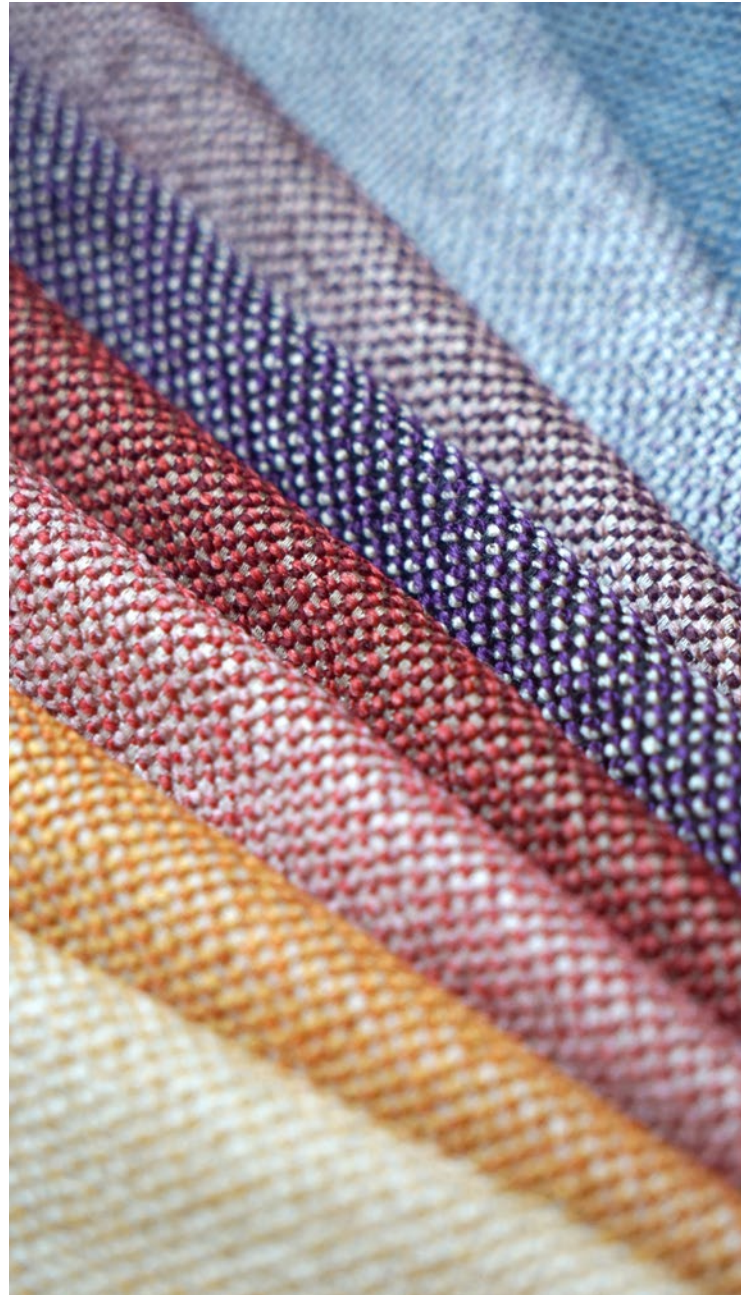

CITY TWEED_{SC 27247}

Inspired by men's suiting, every colorway of City Tweed offers a subtle cross dyed look, meaning that the warp and weft are slightly different to create a tweed effect. This washable, bleach-cleanable sofa fabric achieves 85,000 Wyzenbeek. A nuanced color range makes this fabric easy to coordinate with Scalamandré prints and patterns.

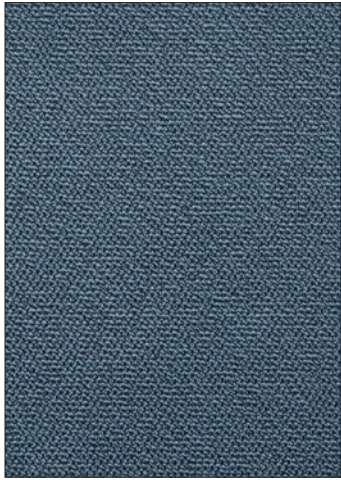

DAPPER FLANNEL_{SC 27248}

Dapper Flannel captures the matte, heathered look of felted wool in high performance yarns. At 51,000 Wyzenbeek, this washable, bleach cleanable upholstery fabric adds menswear style to dining chairs, armchairs and sofas alike. Offered in a range of wool flannel inspired hues.
